NOTICE.

PUBLIC attention is drawn to the fact

that at the present time many brands

of Condensed Milk are being offered for

sale bearing labels so nearly representing

that of the original 'EAGLE' Brand Milk

manufactured solely by BORDEN'S CON-

DENSED MILK CO. of New York, as

are calculated to deceive the purchasers of

the real article. As an additional pro-

tection all purchasers of Borden's 'EAGLE'

Brand are requested to note that every tin

of same bears the Signature of GAIL BORDEN

the original manufacturer on the label.

Borden's 'Eagle' Brand Milk has the

unenviable reputation of being the Milk par

excellence and without a rival in point of

value of quality and purity.

Owing to Borden's special and exclusive

process of manufacture both their 'EAGLE'

and 'GOLD SEAL' Brands are specially

recommended for use in tropical climates

they being guaranteed to keep better

than any other Condensed Milk offered

to the public.

HOTELS IN JAPAN.

Mr. J. McHugh writes the following on Hotels in Japan for "The Caterer and Hotelkeeper's Gazette":

"There are many hotels run on foreign lines in Japan to-day which are owned and managed by the Japanese. As a matter of fact, I know of none outside of Tokyo, Yokohama, Kobe, or Nagasaki, which are not owned or managed by Japanese. Undoubtedly one of the most popular (among both tourists and residents in Japan) and best managed is the Fujiya Hotel, at Miyagohira, Hakone. Mr. Yamaguchi, the proprietor, gained his early experience in catering on the Pacific Coast. Returning to Japan, he started in a very small way at Miyagohira, extending his premises year by year to meet the ever-increasing number of his guests. His daughter, Miss Yamaguchi, a very accomplished girl for a Japanese, was married in December last to a younger son of Mr. Kanaya, of the Kanaya Hotel, Nikko. The newly married couple are likely to take over the active management of the Fujiya in the near future. Young Mr. Kanaya was educated at one of our English public schools. The Fujiya Hotel is situated in the midst of delightful scenery, with charming walks and short excursions all around it. Visitors to Japan should certainly not fail to spend a few days in Miyagohira if time permits. The comfort of guests is well catered for at the hotel, and I have never heard a single complaint against the management, but rather unstinted praise."

"Nikko, one of the famous beauty spots of Japan (an old Japanese proverb says, 'Never call anything beautiful until you have seen Nikko') is catered for by two hotels—namely, Kanaya's and the Nikko. Kanaya's is without doubt the most picturesque and best situated, standing, as it does, upon a small hill overlooking the river Daiya, the red lacquered bridge, and the surrounding scenery."

"At Kyoto, the ancient capital of Japan, and for so many years the residence of its secluded Mikados, when the Shoguns held the power and reins of Government, there were originally three hotels—namely, the Miyako, the Kyoto, and the Yama. The last-named having been burnt down on two occasions, the Government or municipal authorities refuse to allow it to be rebuilt, owing to its close proximity to some of the most famous temples. Kyoto is renowned for its temples, and is the manufacturing centre of most of the brocades, silks, damask, etc., etc. Prince Arthur of Connaught and other royal personages have patronised the Miyako Hotel, which is under the management of Mr. Hanaguchi."

"In Kobe the Mikado Hotel (into the Jin Tai) has been extended and renovated, the bed rooms brought up to date, and a large billiard saloon, containing four tables, added to other improvements. A feature of this hotel's management is the building and equipping of a small passenger steamer or yacht for cruising round the inland sea of Japan. Being of a small size and tonnage, it is able to pass through straits, enter into bays, harbours, etc., which would be inaccessible to a larger vessel. The inland sea abounds with small islands, and tourists passing through in large mail steamers see little of its beauties. Mr. T. Goto, the proprietor of the Mikado Hotel, also runs a partly foreign hotel in the sacred island of Miyajima, another of Japan's beauty spots. He is also building hotels in Formosa and Korea."

"All of the above-mentioned hotels are owned and managed by Japanese. There are, of course, many minor ones which I have not noted. Other hotels on foreign lines are now being opened all over Japan. Hotels under foreign capital and management include the Imperial, at Tokyo, which is still awaiting its new manager who, I hear, is coming direct from the Continent. The Hotel Metropole, at Tsukiji, is also owned by the Imperial Hotel Co., and run in conjunction with it. At Yokohama the directors of the Grand Hotel are considering the question of rebuilding. This hotel is under the able management of Mr. G. L. Smith, who has had a successful past two years of management. Mr. Eppinger, whose name was for so many years connected with the management of the Grand, is still alive, although of advanced age. His eyesight is troubling him a good deal. The Oriental Palace has sustained a great loss in Mr. De Weis, one of the joint proprietors. The deceased gentleman was well known and respected by the foreign residents in Yokohama. The Club Hotel, under the management of Mr. Irving Williams, is fast increasing its clientele and gaining favour among residents."

CONSERVATISM.

MAN is inherently conservative. He

hates change. What did for his

father, he says, half-resentfully, will

do for him. This spirit, of course,

would check all development but it is

impossible to restrain a certain

sympathy for those who wish the

continuance of passing habits and customs.

In Great Britain to-day a speedy and

in every way striking change is pro-

ceeding. The British worker, as a

rule, is able to withstand the more

mendacious arguments of the Socialist.

But recent bye-elections, though they

have given no direct victory to Labour

have testified that the Labour move-

ment is growing in force and popu-

larity in the United Kingdom. This

is an indication which cannot be

disregarded. The mind of the people

is groping about for something that

the shibboleths of the day do not

supply. Some fine firm upright cry

is needed to rouse the masses from

their petty squabbles over liquor

questions and such like. Great Britain

now, speaking as would a physician,

requires a new policy. She has ex-

cellent men as Ministers—men who as

far as personal attributes go could not

be relieved of their duties without loss

—but it is a certain fact that the

overseas Colonies regard the labours

of these men with grave suspicion.

In any event one still small voice crying

in the immensity of the Far East cannot

help or prevent the inevitable. But we

would urge upon those whom we can

influence the necessity of combatting

those (supposedly) new ideas which are

gaining so much favour to-day. In

spite of all the Acts of Parliament in the

world a gentleman will remain a gentle-

man. And, if it be true that a gentle-

man must be the outcome of three

generations of gentility, that is an argu-

ment in favour of everyone laying the

foundation. Conservatism is indis-

solubly associated with pride of race

and family. It wishes to preserve the

things which are, but, as the history of

the Conservative party will show, it has

welcomed advances which really meant

progress. After all we think our most

radical friends will agree, this is the

wisest frame of mind to adopt as habi-

tual. Antagonism to change need not

necessarily mean antagonism to pro-

gress. It may mean a disinclination to

exchange the prudent for the problem-

atical. And herein the shrewd reader

can find our definition of conservatism.

LOCAL AND GENERAL.

Monday is the twentieth anniversary of

the accession of Emperor Wilhelm II of

Germany.

The new bye-laws of the Hongkong

and Kowloon Wharf and Godown Co. are

published in the Gazette.

The "Government Gazette" contains

a notification prohibiting for a further term

of a year the exportation or possession

within the Colony without a permit of

arms, ammunition, military or naval stores.

"We had not time to sweep up,"

pleaded a defendant at the Marine Court,

this morning, when he was fined \$25 or 6

weeks' hard labour for discharging ashes

from his launch into the waters of the

Harbour.

If the British residents of Hongkong had

votes in the Wirral Division of Cheshire

we believe they would plump for Mr Gar-

shon Stewart at the next election. We

badly want a champion in the Commons.

Wirral will be well represented if Mr

Stewart is elected.

According to a Shanghai paper the

Central Government, having received a re-

port that Chinese revolutionaries contem-

plate starting a revolution in Shensi and

Kansu, simultaneously, has strictly in-

structed the Viceroy governing these two

provinces to station more garrisons in all

important towns and cities.

CHINESE STOWAWAYS.

Two Discovered On The Empire.

When the E. and A. steamer Empire

reached Sydney after her recent voyage

from the East two Chinese stowaways were

reported on board. It seems that the

Empire embarked a number of Chinese

passengers at Hongkong for Australia, and

two other Celestials seized the opportunity

of securing themselves on board, hoping

to land in Australia and evade the poll tax,

amounting to £100 per head. Their plans

were, however, frustrated by the ship's

officers, for in the course of a search when

within a few days' steam of Port Darwin,

the two stowaways were discovered in the

Chinese crew's quarters. The matter was

reported to Captain Holmes, and the two

men were placed under arrest. Upon

arrival at Port Darwin the men were taken

ashore, and the representatives of the com-

pany were formally notified that they would

be held responsible for the return of the

two men to Hongkong. At present the

two stowaways are being kept under lock

and key on board the Empire. They will

return in the vessel to China, and will have

to pay the penalty of their indiscretion for

stowing away when they reach Hongkong.

MANY a person's life is rendered mis-

erable by the use of a good

blood-purifier and tonic—such as Stearns'

Wine of Cod Liver Oil. This remarkable

remedy produces wonderful results.

THIRTY-SIX YEAR WAR.

Still Going Strong.

The Acheen war is now in its thirty-sixth year, and the "Star" Times. In April, 1873, a field force of 4,000 strong, landed there and marched on the capital. On April 14, after some successes, the Commanding Officer, General Kohler, was killed in an attack on the Sultan's palace. His death struck such discouragement that the troops fell back and took ship for Batavia, which they reached on May 6. Since then, general governors and systems have followed each other in quick succession. The capital was captured and the country annexed in 1874, an event celebrated at the time with fireworks and high festivity. The war dragged on, and a few years ago General von Heintze, now Governor-General, was killed as the pacifier of Acheen, after he had overrun most of the country. Pacification made no head under his successor, General van Duijn, and, now another Pacification, Colonel Swart, crowned with laurels, steps into the arena. Will he fare any better?
